AGLA1~ 7 TWILIGHT AMBITIONS

AGLA13 Gratitude of the Simbarchs

For your heroic deeds and for delivering valuable information to the leaders of Aglarond, you have earned Aldaron the Loremaster's gratitude. Even the Simbarchs acknowledge what you have done to benefit the region. This concludes the *Tome of Twilight Boughs* Major Quest.

Word of your actions quickly spreads far and wide among the citizens of Aglarond. Residents of Veltalar and the Yuirwood may recognize you during future Aglarond regional adventures and give you special treatment, and certainly Aldaron will do everything in his power to aid you. What level of recognition you may receive in Aglarond, and the exact benefits, are up to the DM, depending on the circumstances of the particular adventure.

While you prevented Voldini's plan from succeeding, without knowing where her phylactery is, you haven't destroyed the Thayan lich completely. It's certain that if you ever encounter Voldini or her agents again, they won't look favorably on you.

AGLA14 A Job Well Done

You have put a stop, at least temporarily, to the machinations of the Thayan lich Voldini in the Yuirwood. All of Aglarond is grateful to you for this heroic deed. This concludes the *Tome of Twilight Boughs* Major Quest.

Unfortunately, you did not have the opportunity to discover Voldini's phylactery, so you were unable to destroy her permanently. It's certain that if you ever encounter Voldini or her agents again, they won't look favorably upon you.
