**80 TU:** You are now no longer human. Your race changes to Symbiotic Mutant. You have gills (you can breath underwater), and a natural bite attack (1d6 + ½ STR damage). You are clearly deformed (-1 CHA). You gain Drug Immunity (you are immune to recreational Drugs and cannot benefit from any drugs that alter physical or mental ability statistics). This is only the first stage of turning into a shark man. Without further genetic alteration, your transformation will cease here.
