Introduction

This is a very straightforward document: it is a giant list of pre-made personal Weapons and Outfits for the Fragged Kingdom RPG.

While this document does not have 'all' of the possible options (particularly when it comes to Modifications) it does cover most of them.

If you have any suggestions, please send me an email:
contact@fraggempire.com

Historic Items:

All Items below the black line reflect a historic item, and are likely to have a different name within the Fragged Kingdom setting.

GMs Please Note:

If you give any of these Weapons to an NPC you need to give that item an additional +2 Hit bonus.
