***Infernal:** This category includes the more powerful undead, as well as demons and fiends.

A "T" in the table means that the attempt is successful and results into an automatic expulsion. The "D" would indicate that the creature is completely destroyed.

A dash "-" means that the Cleric does not have the power to expel the creature, so no attempt will succeed.

The number in the table indicates the figure we have to equal or beat on a 2d6 roll in order for the attempt to succeed. If the roll is successful, or the table gives the "T" result, the player must throw 2d6 again and the new result would indicate the total HD of undead the Cleric may expel or destroy during this attempt.

SEQUENCE OF COMBAT

- 1 - The player declares the adventurer's action.
- 2 - Each side makes their respective initiative rolls.
- 3 - The winner of the initiative roll acts first. The Narrator can check for the morale of the monsters.
- 4 - Characters can move according to their movement rates (never more than the range of movement divided by 3), unless the adventurers decide to run or flee.
- 5 - Each adventurer's actions takes place. Depending on class and skills, those can be:
 - 5.1 - Range attacks, taking into consideration adjustments due to Dexterity (DEX), cover and weapon range.
 - 5.2 - Spells are casted and saving throws are rolled in reaction.
 - 5.3 - Melee; proceeding to roll for attack and dealing the corresponding damage, always taking adjustments due to Strength (STR) and magic into account.
- 6 - The other side acts, repeating steps 4-5, in the established initiative order.
- 7 - When both parts have finished their actions, a whole assault will have passed and the sequence will start all over again from the first step.
