Cosmic Princess

Prime Attributes: Willpower and Physique *or* Agility.

Recovery Roll: 1d6+1

Special Abilities

- **I have the power:** Through their innate connection to a **Runestone**, a Cosmic Princess is able to manifest astonishing powers. They begin gameplay with **1** known power connected to their chosen **Runestone** and *can* learn a new power each **level** thereafter.

- **That's my favorite:** A Cosmic Princess chooses one particular type of *melee or* range weapon as their favorite. When using weapons of that type, the Cosmic Princess rolls a **Positive Die** when attacking.

- **Superior warrior:** A Cosmic Princess deals **1** additional damage with their favorite weapon.

- **I sense great power:** A Cosmic Princess can sense powers and activities manifested through **Runestones**. Making an **Intellect** test with a **Difficulty** equal to the **HD** of the creature *or* **PL** of the effect, the Cosmic Princess can detect these effects up to **medium** range.

Runestones

The Lunar Stone: Grants powers over light.

The Seedling Stone: Grants powers over plant life.

The Pearl Stone: Grants powers over water.

The Glacier Stone: Grants powers over ice.

The Shade Stone: Grants powers over shadows and darkness.

The Enkindle Stone: Grants powers over fire.

A Cosmic Princess must “recharge” their powers by spending time in the presence of their Runestone.

Runestones are large, towering stones of cosmic power. Most Runestones have cities built up around them and thus can't be removed. Though, there are some Cosmic Princesses that have uprooted Runestones and placed them on ships. In most cases a Cosmic Princess will take an essence of their Runestone with them. Whether they are in the form of jewelry or something else, these items have a Durability score of 4. If these items' durability is reduced to zero they can no longer “recharge” the Cosmic Princess.

Resplendent Sector

The Resplendent Sector is home to ancient planets from a species that is long forgotten in time. Ancient cosmic tech has been left behind from the ancient ones. They are powered by magical relics called, Runestones. Now, there is a war for the control over the sector between The United Princesses of Resplendent (UPR) and the evil Maniacal Empire.
