Classic Treasures: Pouches, Packs and Chests

by UnderCity Games

ACCESSORY FOR CHARACTERS OF VARIOUS LEVELS

Classic Treasures: Pouches, Packs and Chests is a collection of tables designed to be inserted anywhere into your campaign to provide quick generation of the contents of random pouches, packs and chests that characters may find in the course of an adventure. These do not replace the normal treasure tables for any given encounter, instead they serve to flush out those tables or to provide random contents when a particularly inquisitive character goes searching. The tables are designed to be fully adaptable to suit your needs. Drop them into your existing campaign as a way to add depth to the adventuring life of the characters.
