

# RITUAL NAME GENERATOR

# Preface

## Ritual Name Generator

Cultists use rituals. Necromancers perform foul rites. Mad wizards cast depraved spells. Heroes need to stop something from occurring. Whatever the reason, these rituals and incantations need a name.

Although this is called the "Ritual Name Generator", it can also be used for incantations, other arcane sounding chants, or anything of a similar nature.

## How to use

There several ways to combine the components, to make more combinations.

Some example combinations of the components are below. Components 1 and 3 are interchangeable.

[c1] = Component 1, [c2] = Component 2  
[c3] = Component 3, [c4] = Component 4

1. The [c1] [c2] of the [c3] [c4]
2. The [c1] [c2] of the [c1] [c4]
3. The [c3] [c2] of the [c1] [c4]
4. The [c3] [c2] of the [c3] [c4]
5. The [c2] of the [c1] [c4]
6. The [c2] of the [c3] [c4]
7. The [c2] of the [c4]
8. The [c1] [c2]
9. The [c3] [c2]

With the various options this results in an incredible amount of options. The first option alone can generate (100 x 100 x 100 x 100) combinations, or to put it another way:

100,000,000 – One hundred million

For each component in the selected combination, simply roll a d100/d10 combo and check the result.
