Foreword

What's in a name? Plenty some might say, but what if you need to quickly come up with a generic fantasy sounding name in your game? Herein, you will find 100 fantasy inspired names for women for use with pretty much most fantasy and Sci-fi RPG games.

These are appropriate for PCs, NPCs, first or last names, or anything you may need a random, fantasy sounding name for!

Just roll on the D100 chart to randomise, or simply pick as you please.

If you are looking to expand your options and give a greater choice of random naming for your game, you might consider our other booklet, 100 Fantasy names for men, or 100 anime inspired names, both are available from our publisher page where you purchased this.

Enjoy!!
