Thieves Guild Name Generator

The Thieves Guild is one of those tropes often found in fantasy literature and games. They can be loveable scamps fighting a good cause against an unjust ruler, or a band of miscreants delighting in acquiring wealth from others.

But, for some, simply calling them “The Thieves Guild” is boring. This quick generator can help with that problem.

How to use this generator

1. Take a d100 and roll on part 1, making a note of the result you get
2. Make another d100 roll and check the result against part 2
3. Combine both parts to make the name for your Thieves Guild
4. If you want to save time, use the same d100 roll for both parts
