FOREWORD

Welcome to this month's Pointless Classic titles. Here we present to you 100 B-Movies playing at the Movie Theatre, another title in our regular PWYW (Pay What You Want) title series.

This edition is that of a B-Movie theme, those “Cinematic Masterpieces” that can be found playing at all sorts of low rent drive ins, multiplexes and so forth, throughout your modern game setting.

Of course, these crappy movies could equally be found running on late night cable TV, found in a video or DVD store, or even as titles of duff novels (See last month's Pointless Classics release)

To add more details, why not download last months pointless classics title: 100 Stupid, Silly or Offensive Names to add movie stars or directors, Mind you, they are rather rude so you could use any of our other name titles (all available from our publisher page where you acquired this title!)

Enjoy!
