# MASTER CLASS: CANTRIPOTHURGE

You are drawn to understand the true nature of cantrips. While many spellcasters dismiss cantrips as “0-level spells,” and claim they are so minor that it takes little effort to ingrain them deeply so they can be cast endlessly without loss of energy, you believe cantrips are something very much different than “minor spells.” To you, cantrips are a different thing from spells altogether, instead representing a form of eldritch power than can be permanently gained by altering your connection to the power of magic, as fundamental a change as if you grew wings and learned to fly.

Thus while other spellcasters who study magic pass over cantrips after learning a few—in favor of studying more “powerful” spells, and even innate spellcasters mediate on powers beyond the cantrips they access early in their careers, you seek to master cantrips alone, ignore other forms of spells as a different, less-worthy form of magic. As you come to deeply understand the power and form of cantrips not only do you find ways to expand their power, you begin to manipulate cantrip energies with techniques unimagined by other spellcasters.

## KEY ABILITY

### CHARISMA

At 1<sup>st</sup> level, your class gives you an ability boost to Charisma.

## HIT POINTS

### 8 PLUS YOUR CONSTITUTION MODIFIER

You increase your maximum number of HP by this number at 1<sup>st</sup> level, and every level thereafter.

## ROLE

A cantripothurge is built for the marathon, rather than the sprint. They provide steady, flexible magic support without tiring or complaining about the need to constantly take rests. While their magics seem minor to some, cantripothurges maintain that quantity has a quality all its own.

## ROLEPLAYING THE CANTRIPOTHURGE

### During Combat Encounters...

While you don’t want to have to hold the front line or get too far from your allies, you are not afraid to wade into the thick of the fray. With no limit to how often

you can cast your spells, you are ready to cast early and cast often.

### During Social Encounters...

You are knowledgeable on all matters of magic and mysticism, and often seek answers to problems other characters overlook.

### While Exploring...

You have learned when your at-will cantrips can reveal useful information or probe for trouble, and are never shy about using them just to see what will happen.

### In Downtime...

You are always researching rare and unique cantrips in the hopes you can add them to your list of never-ending eldritch power. You may find ways to use your powers to expand your local popularity and prestige.

## CLA88 FEATURES

You gain these abilities as a cantripothurge. Abilities gained at higher level list the level at which you gain them next to the feature's names.

### ANCESTRY AND BACKGROUND

In addition to the abilities provided by your class at 1<sup>st</sup> level, you have the benefits of your selected ancestry and background, as described in Chapter 2 of the *Pathfinder Core Rulebook*.

### CANTRIP SPELLCASTING

Through dedicated study and practice, you can harness a blend of magic powers to cast cantrips. You can cast arcane, divine, occult, and primal cantrips using the Cast a Spell activity, and you can supply material, somatic, and verbal components when casting cantrips.

At 1<sup>st</sup> level, you know five cantrips taken from any or all of the spell lists (arcane, divine, occult, and primal).

As you increase in level as a cantripothurge, your number of cantrips known increases, as shown on **Table 1: Cantripothurge Advancement**. You can select these cantrips from the arcane, divine, occult, or primal spell lists.

Some of your cantrips require you to attempt a spell attack roll to see how effective they are, or have your enemies roll against your spell DC (typically by attempting a saving throw). Since your key ability is Charisma, your spell attack rolls and spell DCs use your Charisma modifier.

Cantrips are a special type of spell that doesn't use spell slots. You can cast a cantrip at will, any number of times per day. A cantrip is always automatically heightened to half your level rounded up. For example, as a 1<sup>st</sup>-level cantripothurge, your cantrips are 1<sup>st</sup>-level spells, and as a 5<sup>th</sup>-level cantripothurge, your cantrips are 3<sup>rd</sup>-level spells.

### INITIAL PROFICIENCIES
