The FCC likes to think they own the airwaves. They'll shut down any station or show they think is a "bad influence". (Really they're just a privately paid set of mercenaries pretending to be feds.)

NEW KID

How to use

Take one of these as your 1st Trait. It means you're

NEW IN TOWN

and no one knows you.

Clear the Trait when it is appropriate and mark 2 Style + 2 Trouble. Then pick another Trait that reflects everyone accepting you.

Start your legend!...

ESTABLISH

DOMINANCE QUICKLY

GRIT

REFLECTION

Ward off people with a glare. Clear to prove how tough you are and cement your friendships with a wild or grand gesture. Activity doesn't hurt you!

No one
is a
new kid
forever!

WRITE ON

Avoid any peer pressure by just walking away. Nobody bothers the New Kid. Clear when you are challenged. Automatically do the thing and make a name for yourself

GUTS

TRIPLE DOG DARE

Breathe, it's
okay

IN TOWN

SMARTS

KNOW-IT-ALL

Gain a bully who just
hates new kids. Name them.
Clear to provide a big
answer for the crew.
Everyone, including the
bully. Days you respect

HEART

NOTES

You go unnoticed by
teens unless you want to
be seen. Clear to mend
an argument. Your
snarls makes others
accept you and want
to be your friend

WIDE EYED

ANNOYINGLY CALM

Someone has
something to say everytime
you make a roll.
Clear to have your
laid back attitude save
the day. Rub it in

ULTIMATE FALLOUT

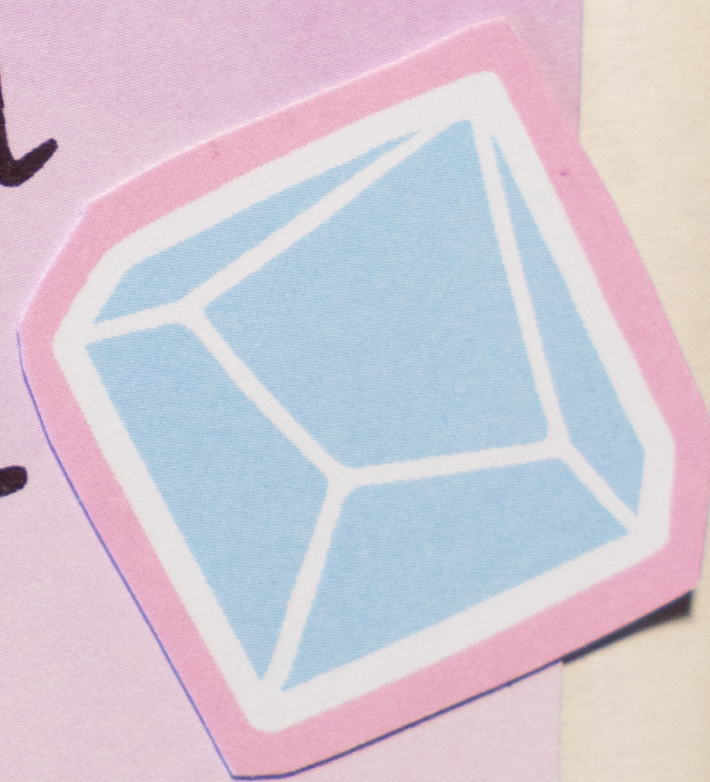

According to A,
the left-hand measurement
is first and "reduces" the
right-hand photon

According to B,
the right-hand meas. is
... left ... phot.
