Science Survey Class Specifications

Production Data:

Origin: Earth / UESPA

Class and Type: Archimedes Class
Survey ship

Year Launched: 2153

Hull Data:

Structure: 15

Size/Decks: 3/2

Length/Height/Beam: 32/10/10 Meters

Complement: 6

Operational Data:

Transporters: 1 Standard, 1
Emergency

Cargo Units: 40

Shuttlebay: NA

Shuttlecraft: NA

Tractor Beams: 1 FV, 1A

Separation System: None

Sensor System: Class 2 [+2/C]

Operations System: Class 3 [0]

Life Support: Class 3 [0]

Propulsion System:

Impulse Engines: SBD [.6c] [0]

Warp Drive: WE-2 [Warp,
1/1.2/1.5]

Tactical Data:

Plasma Arrays: TDM [X2/B]

Penetration: 2/2/2/0/0 [A]

Deflector Shield: Class 2A [B]

Protection Threshold: 13/3

Miscellaneous Data:

Manoeuvre Modifiers: +1C, +3H, +2T

Traits: Hardened System
[hull plating]

Atmospheric capable

History:

Archimedes Class survey ship are designed for planetary survey missions. These vessels were designed to operate in almost any environment and while somewhat Spartan provided a home for their crews. Several of these vessels are used for ferrying crew between mining outposts and these tend to be in the colours of whichever consortium they belong to. They are modestly armed with two Phase cannon arrays.

Rapid transit Class Specifications

Production Data:

Origin: Dopai Shipyards
Ferenginar

Class and Type: Rapid Transit ship

Year Launched: 2242

Hull Data:

Structure: 15

Size/Decks: 3/2

Length/Height/Beam: 32/10/10 Meters

Complement: 4

Operational Data:

Transporters: 1 Standard, 1
Emergency

Cargo Units: 40

Shuttlebay: NA

Shuttlecraft: NA

Tractor Beams: 1 FV, 1A

Separation System: None

Sensor System: Class 2 [+2/C]

Operations System: Class 3 [0]

Life Support: Class 3 [0]

Propulsion System:

Impulse Engines: SBC [.5c] [0]

Warp Drive: Type I DC[Warp,
3/4/5]

Tactical Data:

Phaser Arrays: Type III [X2/B]

Penetration: 2/2/2/0/0 [A]

Deflector Shield: Class 2A [B]

Protection Threshold: 13/3

Miscellaneous Data:

Manoeuvre Modifiers: +1C, +3H, +2T

Traits: Jury Rigged System
[Deflector Shield]

Atmospheric capable

History:

The Dopai Shipyards produced these vessels in their droves. They are fast and efficient for a Ferengi vessel.

Kago Dar's Ship Class Specifications

Production Data:

Origin: Bounty hunter / Free
Trader

Class and Type: Scout Ship

Year Launched: 2142

Hull Data:

Structure: 15

Size/Decks: 3/2

Length/Height/Beam: 32/10/10 Meters

Complement: 2

Operational Data:

Transporters: 1 Standard, 1
Emergency

Cargo Units: 40

Shuttlebay: NA

Shuttlecraft: NA

Tractor Beams: 1 FV, 1A

Separation System: None

Sensor System: Class 2 [+2/C]

Operations System: Class 3 [0]

Life Support: Class 3 [0]

Propulsion System:

Impulse Engines: SBC [.5c] [0]

Warp Drive: Type IV M [Warp,
4/5/6]

Tactical Data:

Disruptor Cannon: Type III [X2/B]

Penetration: 2/2/2/0/0 [A]

Deflector Shield: Class 2A [B]

Protection Threshold: 13/3

Miscellaneous Data:

Manoeuvre Modifiers: +1C, +3H, +2T

Traits: Hardened System
[Deflector Shield]

Atmospheric capable

Pulse fire.

History:

There are many who seek their fortune in the space lanes. For some bounty hunting is their calling, such is the case with Kago Dar. His vessel has been heavily modified with extensive engine upgrades and defensive systems. There is a possibility that his vessel began life as a Mazerite courier but the modifications mask the ships origins.

Vulcan Survey Class Specifications

Production Data:

Origin: T'Kasi shipyards
Vulcan

Class and Type: Survey ship

Year Launched: 1942 / Refit 2140

Hull Data:

Structure: 15

Size/Decks: 3/2

Length/Height/Beam: 32/10/10 Meters

Complement: 4

Operational Data:

Transporters: NA

Cargo Units: 40

Shuttlebay: NA

Shuttlecraft: NA

Tractor Beams: 1 FV, 1A

Separation System: None

Sensor System: Class 2 [+2/C]

Operations System: Class 3 [0]

Life Support: Class 3 [0]

Propulsion System:

Impulse Engines: VBB [.5c] [0]

Warp Drive: Type IV [Warp, 4/5/6]

Tactical Data:

Vulcan Particle Beam: VPB [X2/B]

Penetration: 2/2/2/0/0 [A]

Deflector Shield: Class 2A [B]

Protection Threshold: 13/3

Miscellaneous Data:

Manoeuvre Modifiers: +1C, +3H, +2T

Traits: Hardened System
[Deflector Shield]

Atmospheric capable

History:

Survey Vessels form a large part of the Vulcan fleet. The T'Kasi class is no exception and dozens of these vessels have studied and surveyed many developing cultures and worlds. One vessel crashed on Earth in the 1950's. Later during the 2140's the Vulcan High Command decided to give these vessels weaponry for defensive properties.

Retallian Freighter Class Specifications

Production Data:

Origin:	Retallian Freight
Class and Type:	Retallian Freighter
Year Launched:	2152

Hull Data:

Structure:	15
Size/Decks:	3/2
Length/Height/Beam:	32/10/10 Meters
Complement:	2

Operational Data:

Transporters:	1 Standard, 1 Emergency
Cargo Units:	40
Shuttlebay:	NA
Shuttlecraft:	NA
Tractor Beams:	1 FV, 1A
Separation System:	None
Sensor System:	Class 2 [+2/C]
Operations System:	Class 3 [0]
Life Support:	Class 3 [0]

Propulsion System:

Impulse Engines:	M HEU [.4c] [0]
Warp Drive:	MWD [Warp, 2/3/4.5]

Tactical Data:

Phaser Arrays:	Type III [X2/B]
Penetration:	2/2/2/0/0 [A]
Deflector Shield:	Class 2A [B]
Protection Threshold:	13/3

Miscellaneous Data:

Manoeuvre Modifiers: +1C, +3H, +2T

Traits:

Atmospheric capable

History:

Many small starship companies produce vessels for mass market. The Retallian Freighter is no exception. A durable if at times quirky cargo ship the Retallian Freighter is small, fast and usually reliable.
