

KLINGON RANK INSIGNIA

ESSENLISTED GRADES

Enlisted personnel of the Empire Security Service wear rank insignia with the underlying triangles in red, rather than the steel gray of Deep Space Fleet or the brown of Army personnel. Those assigned to starships are addressed by naval ranks, while those assigned to Army units are addressed by Army ranks (S5 Junior Sergeant, S6 Veteran Sergeant, S7 Senior Sergeant, S8 Master Sergeant).

The Empire Security Service has technical enlisted personnel who wear a combination of the yellow triangle of a technician and the red triangle of the ESS. These technicians operate and maintain equipment, rather than lead security detachments. Copyright © 2009 ADB, Inc.
