

A detailed illustration of a futuristic spaceport scene. In the foreground, a large, metallic, blue and silver structure, possibly a landing pad or a large piece of machinery, dominates the view. It has various pipes, valves, and a circular hatch. In the background, a large, curved, metallic structure, possibly a hangar or a part of a space station, is visible. The ground is a grid of light and dark squares, suggesting a tiled floor. The overall color palette is dominated by blues, greys, and metallic tones, with some orange and yellow highlights. The title "STARFINDER" is at the top in a stylized, orange and blue font, and "FLIP-MAT" is below it in a blue and white font. At the bottom, a blue banner contains the word "Spaceport" in a white, stylized font. Below the banner, a line of text reads "Wet, Dry, and Permanent Markers Erase from the Mat".
